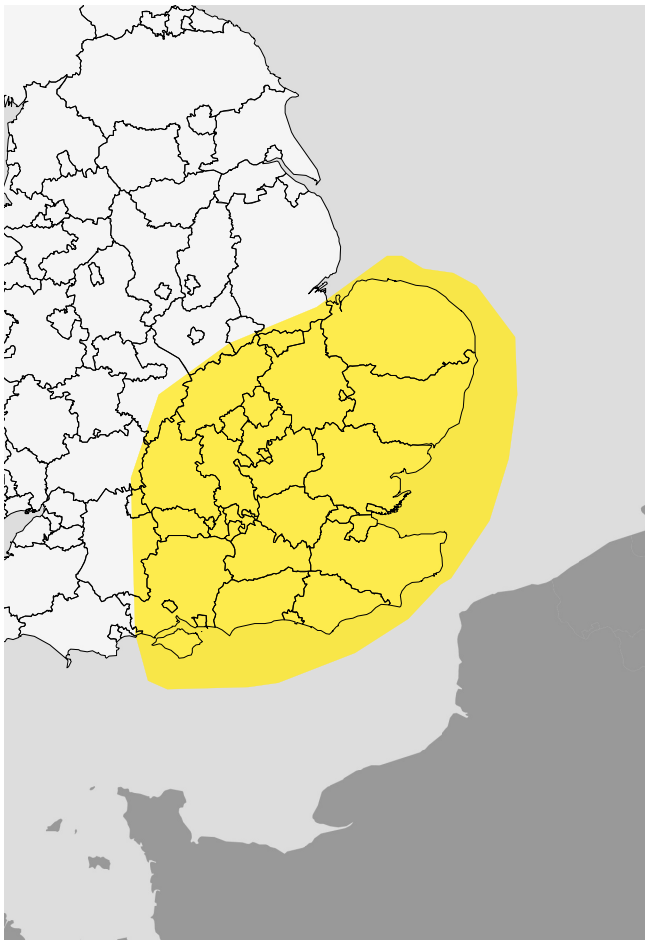
Yellow warning
Thunderstorm

Between
12:00 Sat 15 Aug 2020 and
23:59 Sat 15 Aug 2020



Heavy showers and thunderstorms are expected to develop leading to some flooding and travel disruption

What to expect

- There is a small chance that homes and businesses could be flooded quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- There is a slight chance that power cuts could occur and other services to some homes and businesses could be lost

Further details

The hot and humid airmass across the southern half of the UK will help to develop some further heavy showers and thunderstorms on Saturday afternoon and evening. Many areas may well miss the thunderstorms, but where they occur 20-30mm is possible in an hour and up to 40mm in 2 to 3 hours. Lightning and hail are also potential hazards. These storms could well be slow moving, giving large rainfall totals where these occur.

Very low likelihood of medium impacts

Issued at 12:01 Thu 13 Aug, 2020
